

Optical Coherence Tomography in the Posterior Segment | OCT and OCT-angiography |

ONLINE COURSE – April 17, 2021 (8:30h - 13h GMT)

8:30 Opening Session

8:35 Basic Principles and technologic evolution of OCT and OCT-A
(Ana Rita Santos)

9:15 OCT and OCT-A in retinal pathologies - I

Vitreous-Retina interface (*João Figueira*)

Diabetic Retinopathy (*João Figueira*)

Uveitis (*Inês Pereira Marques*)

10:30 Q&A

10:40 Break

10:45 OCT and OCT-A in retinal pathologies - II

Age-related macular degeneration (*Rufino Silva*)

Vascular Occlusion and other retinal pathologies (*Cláudia Farinha*)

Inherited Retinal Diseases (*João Pedro Marques*)

11:45 OCT and OCT-A in optic nerve pathologies (*João Bordalo Matias*)

12:10 Technical Aspects of OCT and OCT-A

Main artifacts and how to avoid them (*Silvia Simão*)

How to acquire good quality scans and images (*Marta Lopes*)

12:45 Q&A

[REGISTRATION HERE:](#)

13:00 Closing Session

The sessions will be in Portuguese

The support material will be in English
